## Profile

I'm a skilled animator and motion designer with a strong focus on both frame-by-frame and rigged animation. I bring a versatile skill set that allows me to adapt to a variety of projects and creative challenges. I thrive in collaborative team environments where different talents come together to produce engaging animation! I'm committed to continually refining my craft, learning and adapting in each project I'm part of.

## Experience

### Moho Rigger and Animator

#### Kong Animation Studio

*Mar 2025 - May 2025*

I was working on a short film, illustrating, rigging and animating characters in Moho. then compositing shots in Premiere Pro.

### Motion Graphics Designer

#### DMS

*Mar 2023 - Feb 2025*

Creating and localizing motion graphics and typography for film trailers and posters. Working with and animating complementary video and images. Matching the style of the campaign and keeping all created media succinct.

### Digital Paint Artist

#### Kong Animation Studio

*May 2023 - Nov 2023*

Working in a team to paint episodes of an animated TV show for the BBC. I also prepared files for Ink Artists and Compositors. Catching continuity errors and correcting Animation, ink where applicable.

### Junior Animator Work Experience

#### Shotopop

*Jan 2022 - Feb 2022*

I was working on FX animation for advertisements and trailers. Working under an art director, learning how to work in a team environment for large projects.
